ABOUT *Company*

Concrete 360 Readymix is Secunda's leading independent manufacturer and supplier of high-quality **readymix concrete**, serving various sub-sectors of the construction industry. With a strong commitment to technical excellence and hands-on service, we ensure that every batch of concrete meets the unique specifications of our clients.

Our state-of-the-art readymix plant is strategically located in Trichardt, Mpumalanga, allowing us to efficiently supply large scale civil engineering and infrastructure projects. Through both fixed and mobile readymix plants, we batch concrete on demand and transport it directly to project sites using our fleet of concrete mixer trucks.

At **Concrete 360 Readymix**, we are more than just a supplier, we are a trusted partner in construction, delivering reliability, quality, and expertise with every pour.

OUR Products

READY. SET POUR...

We supply **readymix concrete** primarily to large scale civil engineering and infrastructure projects through fixed and mobile readymix concrete plants where concrete is batched on demand and then transported to site by concrete mixer trucks.

Standard Concrete Mixes from 15 – 50 MPA

We supply 10-50 MPA standard concrete mixes, using 9.5, 13.2 or 19mm stone sizes.

Special Concrete Mixes

Whatever your project entails, we can assist with Special Mix designs suitable to your requirements ranging from high strength to waterproof mixes.

Pumpable Concrete from 15 – 50 MPA

For those hard to reach spaces, we supply pump mixes from 10-50 MPA. We can also assist with concrete pump hire.

Fibre Reinforced Concrete

We use fibres in concrete to control cracking due to plastic and drying shrinkage. This leads to improved durability and better aesthetics.

Mobile Batch Plant

For high continuous volumes, our mobile batch plant can be established on your site, ensuring a fast, reliable supply of concrete when you need it.

OUR *Services*

We supply a wide range of **readymix concrete**, including custom mixes tailored to your specifications. With a well maintained batch plant and a reliable fleet of mixer trucks, we ensure on time delivery and professional service, every time.
