Background

COUNTRYWIDE LOWBED SERVICES

At Countrywide Lowbed Services we provide earthmoving equipment transport services to some of South Africa's largest mining companies, logistics companies and construction companies.

Experience and flexible Fleet combinations enable us to transport equipment of up to 30 Tons where our expertise ensures a reliable flow.

Earthmoving equipment transportation requires experienced operators to ensure that loads are delivered in time and on time and at Countrywide Lowbed Services we have what it takes to deliver your equipment in time and on time.

Excavator transport services are commonly requested, transport of excavators, mining equipment, steel pipes, Generators, Light Towers, Containers, Forklifts and a variety of other parts and equipment for the mining industry.
